

## Rectory Gardens

The service at Rectory Gardens takes place on the first Tuesday of each month. Every other month we share a simple lunch together as a time of informal fellowship. The service and lunch are open to any of the residents but is mainly attended by a committed group of ladies and gentlemen.

This is their church, where they come to worship God and welcome the team to share with them. They join together in prayer and are open to the message of the gospel and respond positively. They regard the team as friends and appreciate the input from the church.

We are a committed team, a new member joined earlier in the year, and are blessed in doing this work.
